

# OpenAI: Nonprofit or Personal Gain?

ELON MUSK TESTIFIES ON THE FOUNDING MISSION OF THE AI  
GIANT.

**WHAT WAS OPENAI'S  
TRUE PURPOSE?**

**"I COULD HAVE STARTED IT AS A FOR-PROFIT, AND I CHOSE NOT TO. I CHOSE TO MAKE IT SOMETHING FOR THE BENEFIT OF ALL HUMANITY."**

**Elon Musk, Tesla CEO**

**His testimony frames the core dispute over OpenAI's mission.**

**I could have started it as a for-profit, and I chose not to. I chose to make it something for the benefit of all humanity.**

**I could have started it as a for-profit, and I chose not to. I chose to make it something for the benefit of all humanity.**

# FOUNDING CHARTER: CLEAR INTENTIONS

Established in 2015, OpenAI's charter stated it was for 'open source technology for the public benefit' and 'not organised for the private gain'.

# OpenAI's Defense: It's About Control

1

They argue Musk never cared about nonprofit status or safety.

2

Claim his grievance stems from not getting his way.

3

Accusation: Musk used funding to 'bully' the team.

”

## ***“Existential Risks of AI”***

EXISTENTIAL RISKS OF AI

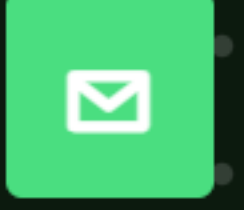

**"If the verdict comes out that it's okay to loot a charity, charitable giving in America will be destroyed."**

***"Musk argues the trial has wide-reaching consequences for nonprofit organizations and public trust."***

This case sets a precedent for how charities, especially in tech, are governed.

# What's Your View on AI Governance?

This trial raises critical questions about the future of AI and corporate responsibility.
